**LETTER TO ACCOMPANY STANDARDS-BASED PROMOTION
PARENT BROCHURE**

Date: _____

Dear Parent/Guardian:

The Standards-Based Promotion Policy adopted by the Los Angeles Unified School District has been established to ensure that each student has every opportunity to achieve grade-level standards for promotion.

Attached you will find a brochure that explains the criteria for identification of students who are at risk of not meeting promotion standards, the process that will be used to inform you of your child's progress towards meeting these standards and the services that are available to support your child.

We, at _____ School, will work closely with you and your child to promote academic success.

Sincerely,

Principal
